

BACHELOR OF SCIENCE IN HOSPITALITY MANAGEMENT

with a focus on International Business
and Sustainability

Since 1909, SHL has been shaping Swiss hospitality education – as one of the original hotel management schools and a pioneer of the world-renowned dual education system. We combine academic knowledge, practical training, and real-world experience in a close-knit learning environment to prepare you for a global career in hospitality management – and to help you build confidence and grow as a person.
